Dear Dr. Norwood:

In this day and age, we must not forget the lives and families lost and damaged in the Jonestown tragedy twenty-four years ago. By erecting a Memorial, we will remember the lessons we learned to prevent any future tragedies.

Additionally, I support and commend efforts of the Guyana Tribute Foundation to insure that the lives of those lost are never forgotten. I wish your 24th anniversary ceremony much success.

Sincerely,

JEROME E. HORTON, CHAIR
